PICKS OF THE WEEK

Read of the Week

At the core of renowned author Jon Krakauer's [Under the Banner of Heaven](#) are brothers Ron and Dan Lafferty, who insist they

received a commandment from God to kill a blameless woman and her baby girl. Beginning with a meticulously researched account of this appalling double murder, Krakauer constructs a multi-layered, bone-chilling narrative of messianic delusion, polygamy, savage violence, and unyielding faith. Along the way he uncovers a shadowy offshoot of America's fastest growing religion, and raises provocative questions about the nature of religious belief.

Movie of the Week

As the Iranian revolution reaches a boiling point, a CIA 'exfiltration' specialist concocts a risky plan to free six Americans who have found shelter at the home of the Canadian ambassador in [Argo](#).

Album of the Week

Mob Rules is legendary English rock band [Black Sabbath](#)'s tenth studio album, featuring notable tracks "The Sign of the Souther Cross" and "Falling Off the Edge of the World".
